Group H - Pattern in Action Prototype

Colby P. Frison; Emily Locklear; Grant Parkman; James Totah; Antonio Natusch Zarco

AGENDA

01 **Strategy**
- Why We Chose Strategy
- How Strategy Works

02 **The Problem**
- Problem Description

03 **How We Applied Strategy**
- General Explanation of Our Pattern & Prototype
- Code Snippets
- How It Improved Maintainability, Clarity, or Flexibility

04 **Demonstration & Closing**
- Video
- Questions
- Thank You

01

Our Selected Design Pattern

Why We Chose Our Pattern

- We wanted to be able to refactor our ModelManager class in a way that reduced tight coupling and strengthened decision flow.
- The Strategy Pattern allowed us to do that in a way that was simple to us.

How Our Pattern Works

- A general explanation. We will explain how it works in our code later.

02

The Problem

The Problem

Tempor euismod, quam sed elementum leo iaculis.

03

How We Applied Our Pattern

How We Applied Our Pattern

General explanation of our pattern and prototype.
